# ULTIMATE REJUVENATION PACKAGE

## \$1500

Photodamage describes a range of conditions where skin becomes blotchy or discoloured. It can be caused by hormonal factors, skin trauma and sun exposure. Successful treatment depends on the depth of the pigment and the cause. Phototherapy such as IPL or laser, together with prescription medication may be necessary to achieve optimal results.

Our Ultimate Rejuvenation Package is a very effectively priced treatment option for this concern.

### **Book and pay today to receive:**

**1 x** Microhydrabrasion prior to commencement of IPL treatments.

**3 x** M22® (IPL) treatments, provided at monthly intervals.

**2 x** Enzyme Reactivation Treatments (Including LED)

**1 x** Rationale® Prescription Skin Kit designed to suit individual patient needs
