

DERMAL NEEDLING PACKAGE

\$1000

SkinPen® is one of the only medical micro needling devices approved in Australia by the TGA. It is clinically proven to improve the appearance of fine lines, wrinkles and scarring. It rejuvenates your skin from the inside out. Appropriate pre and post instructions must be followed to minimise side effects.

SkinPen® treatments:

- ◆ trigger collagen synthesis
- ◆ are minimally invasive
- ◆ can be used year round
- ◆ are safe for all skin types
- ◆ improve skin texture
- ◆ encourage clearer, brighter complexion
- ◆ even skin tone
- ◆ improve skin elasticity

Treatments consist of:

- 3 x** SkinPen® needling treatments
- 3 x** Healite LED light therapy treatments
- 3 x** Post treatment kits
- 1 x** Microhydrabrasion
- 3 x** Applications of topical anaesthetic

Payment is required at your first treatment.

ULTIMATE REJUVENATION PACKAGE

\$2200

Photodamage describes a range of conditions where skin becomes blotchy or discoloured. It can be caused by hormonal factors, skin trauma and sun exposure. Successful treatment depends on the depth of the pigment and the cause. Phototherapy such as IPL or laser, together with a prescribed skin care protocol will assist in achieving optimal results.

Our Ultimate Rejuvenation Package is a very effectively priced treatment option for this concern.

Book and pay at your first treatment to receive:

1 x Microhydrabrasion prior to commencement of IPL treatments.

3 x Ellipse IPL™ treatments (any 2 areas), provided at monthly intervals.

3 x Healite LED light therapy treatments.

2 x Enzyme Reactivation Treatments (including LED).

1 x Rationale Prescription Skin Kit designed to suit individual patient needs.

FEEL COMPLETE REJUVENATION WITH AN ELLIPSE IPL® FACIAL PACKAGE

\$1100

PACKAGE A

**3 x 2 areas
Ellipse® (IPL) Treatments**

Ellipse® (IPL) uses advanced technology to provide non-invasive aesthetic treatments to improve a wide range of skin conditions.

- ◆ It improves skin tone and surface imperfections.
- ◆ It stimulates collagen and elastin fibre production for improved skin texture.
- ◆ It is ideal for any part of your face, neck or décolletage.
- ◆ It treats skin redness, brown spots, and tiny veins.
- ◆ 1-3 treatments are usually sufficient to see results (additional treatments may be required for excessively sun-damaged skin).

Book and pay at your first treatment to receive:

1 x Bonus Microhydrabrasion prior to commencement of Ellipse® (IPL) course.

3 x Ellipse IPL™ treatments, provided at monthly intervals.

3 x Healite LED light therapy treatments.

\$1500

PACKAGE B

**3 x 3 areas
Ellipse® (IPL) Treatments**

LIGHT & BRIGHT™ TREATMENT PACKAGE

\$2500

The new, next level skin illuminating combination treatment.

This treatment combines patented, narrowband, dual filter Ellipse IPL™ for photo rejuvenation, together with either the Frax 1550™ or Frax 1940™ handpiece to treat vascular and pigmented lesions and textural irregularities via skin resurfacing.

Book and pay at your first treatment to receive:

1 x Microhydrabrasion or Enzyme Reactivation treatment (including LED) prior to commencement of treatments.

3 x Combination Ellipse IPL™ and Frax 1550™ or Frax 1940™ treatments to any 2 areas, provided at monthly intervals.

3 x Healite LED light therapy treatments.

3 x Applications of topical anaesthetic.
